Each year, the wildebeest move from the Serengeti to the Masai Mara Game Reserve in search of pasture. Our seasonal mobile camp is ideally set in the heart of the great wildebeest migration. Like the wildebeest our camp moves from place to place leaving no trace of our passage, blending where and when it matters, at the heart of the action.

Our set up is a totally eco friendly mobile camp, never staying in the same location more than required. It is a traditional comfortable mobile tented camp: six large walk-in units with verandah area. They are fully equipped with a double and a single bed, linen, towels, side tables, torch, large dressing/working table & chair... on the verandah hand wash basin, mirror, small table and chairs & hurricane lanterns and in the rear of the tent, hot 'bush' shower & 'short drop' toilet.

Meals consist of full English breakfast, buffet lunch and three course gourmet dinner, prepared by our highly skilled chef, using only the finest ingredients and impeccably presented. They are served in a spacious mess with dining, buffet, reading and relaxing area. A choice of flora and fauna books are at your disposal.

Our well stocked bar, tea and coffee are available at all times.

Our nature guide/game trackers are based at camp, so are our safari prepared 4WD vehicles.

We offer different packages ranging from full board accomodation to fly-in packages, inclusive of game drives.
